We are here to . . .

# Who are we?

**We are a small, family owned and run business based in Bristol**, just 10km from **Bristol International Airport**.

We specialise in guardianship and educational consultancy and we are one of the few **AEGIS** members the South West of England. **AEGIS** is the Association for the Education and Guardianship of International Students.

<http://www.aegisuk.net>

My name is **John Hodnett** and I am British. My wife **Moonjoo Hodnett** is Korean and fluent in English. We concentrate on the guardianship of children of Asian families.

Our current wards come from countries such as Hong Kong, China, Japan, Thailand and Korea etc.

We act as the focal point between families, pupils and school and have varying levels of services available.

We make arrangements for private tuition, language courses and GCSE / A-level revision courses during school holidays if required. We also provide help with school selection and pupil placement.

# Our Services

## Overview of services offered

- English, and Korean spoken.
- Always available in an emergency. (24 hour point of contact for schools, pupils and parents)
- We only deal with schools within a 1 hour radius of Bristol to ensure that our delivery of care is kept high.
- Various levels of service available.
- Reception and transport between airport and schools etc.
- Arrangement of appropriate family accommodation during school holidays or as necessary.
- Reporting on child's academic progress at school and on any problems or special needs and arranging specialist advice if necessary.
- Help and guidance to both pupils and parents as to subjects, universities and career options.
- Arrangement of private tuition, specialist language and revision courses.

## What our students say . . .

### **Ji Sun Lee** - *The Language Project, Bristol*

I feel very comfortable and safe in England because Acorn Education is very close to my school. I really like my host families because they take me out to exciting places, houses are nice and food is very good.

### **Teresa Leung** - St. Mary's School, Calne

I have very much enjoyed my time with Acorn Education. On top of this the family is very nice and friendly who always give me useful advice in my study or education in general. They have always been very encouraging and given me a cosy, home-like environment whilst I am in England! I'll definitely miss them when I left!

### **Yoshihiko Imai**, - *The Language Project*

Acorn Education are very reliable and they are always here to help me. They gave me much support for getting my Art Scholarship! My parents feel included in my education because Acorn frequently explain to them about my academic progress and welfare.
